

TREE CLIMBING PERMISSION

As a school we love the fact that our students, those who wish to, are able to climb trees! It is important that we get permission from parents for their child to do so.

We need all parents to please complete the declaration in our online enrolment form to give permission for their child to climb trees at Maungakarama School.

By signing you are stating that you realise that climbing trees does have dangers and risk elements attached to it, and as a result may child may suffer injuries at times.
